ABSTRACT AUTHORS

The number of authors is limited to 12 per abstract. The submitter will receive all communication related to the abstract. One author can send maximum 2 oral presentation. There is no limitation for the others like video, poster, photo.

PRESENTATION TYPES

The abstract can be maximum 2500 words (spaces included).

No table and figure is allowed for oral, poster and video presentations. Only abstracts that are selected as Photo Presentation can upload figure/photo. The photos uploaded by oral, poster and video abstracts will not be published.

- 1. Oral Presentation:** Abstracts submitted to this category will be evaluated for presentation in the free paper sessions. If they are not able to be scheduled in the free paper sessions, they may automatically be evaluated as posters.

2. Poster Presentation: Abstracts submitted to this category will be evaluated for poster presentation only.

3. Video Presentation: Abstracts submitted to this category will be evaluated for presentation in the edited film sessions only.

4. Photo Presentation: Abstracts submitted to this category will be evaluated for photo presentation only.

5. Course

1. Oral Presentation (One author can send maximum 2 oral presentation. There is no limitation for the others like video, poster, photo...)

Oral presentations will be held as in main hall on scheduled date and time. Please pay attention on the details below:

- Allotted time for each oral presentation is 5 minutes for entire presentation. The presentations and speeches are highly recommended to be prepared with no or short introduction in order to reach the result and take-home message in time and correct number of slides to keep up with the timing.
- To prevent possible technical problems which might cause delays in the program, current technical equipment in the meeting halls is required to be used during the presentations.
- The presentation file should be delivered to the speakers' ready room at least 3 hours prior to your session.

2. Poster Presentation

Posters prepared according to the guideline below will be displayed on e-poster kiosks during whole congress. There won't be any poster discussion session.

The poster presentation should be composed of maximum 5 slides in pptx file format.

The pptx poster should have the following content:

- 1st slide cover
- 2nd slide introduction
- 3rd slide methods
- 4th slide the findings
- 5th slide results and references

3. Video Presentation

Videos prepared according to the guideline below will be displayed on video kiosks during whole congress. There won't be any video discussion session.

The video should be prepared according to the details below:

- No more than 8 minutes
- Include voice guidance / narration
- Should be in either of the following format: .mp4
- Should not exceed 1GB

4. Photo Presentation

Photo presentation prepared and printed according to the guideline below will be displayed on boards during whole congress. There won't be any photo discussion session.

The photo should be prepared and printed according to the details below:

- 90 cm in height x 70 cm in width
- The uploaded file must have high resolution and must be uploaded in .jpg format.

The photo should be placed with short background information

Different from oral, poster and video presentation which are all only focus on scientific content, photo presentation is artistic interpretation of a photo/ photos from your studies. The photo should be qualified in technical aspect and extraordinary in content wise. A short abstract body giving the background information of the photo would be enough.

5. Course (One author can send maximum 1 course)

Allotted time for each course is 1 hour. It is necessary to explain the objectives of the course, the presidents and the speakers.

Please specify the speaker for each speech, so write under "Course":

- title speech
- speaker

ABSTRACT EVALUATION

Submitted abstracts will be assessed by blind evaluation. After the evaluation is completed, the abstract holders will be notified for the result through email at presenting author contact information.

By submitting the abstract for 21th EVRS Meeting, the authors accept and approve the publication of their abstracts in the congress book.

For any technical assistance about abstract submission, please contact the
Organizing Secretariat.
