Dear Sir/Madam,

it is with great pleasure that we extend an invitation to your esteemed organization to participate as a sponsor and/or exhibitor at the 21<sup>st</sup> European VitreoRetinal Society (EVRS) Meeting, scheduled to take place in Budapest, Hungary, from the 14<sup>th</sup> to the 17<sup>th</sup> of November 2024.

Following a period of virtual only engagements due to COVID-19, the 20<sup>th</sup> EVRS Meeting successfully returned to a live and hybrid format in Cappadocia in September 2023. The event witnessed enthusiastic participation from over 500 delegates representing 80 different countries, reaffirming EVRS's global appeal. The live surgery, courses, symposia and scientific sessions covering the latest advancements in surgical and medical retina, combined surgery, and imaging were well-received by the ophthalmic community and participating companies.

Our meticulously chosen congress venue in Budapest offers state-of-the-art facilities, complemented by the convenience of a flagship Novotel Hotel. Budapest, with its rich history, iconic bridges and captivating castle, provides an ideal backdrop for this prestigious event. We are confident that the allure of Budapest will attract a substantial number of ophthalmologists from around the world.

Themed "Evidence-based vs. my way in Retina," the meeting aims to explore the latest developments in surgical and medical retina, combined cataract and retina surgery, as well as retinal imaging. We extend a cordial invitation to your organization to join us as a sponsor and/or exhibitor, with detailed options outlined in the attached sponsorship file. We look forward to walking the aisle together, fostering valuable connections within the field.

EVRS boasts a diverse membership, spanning more than 80 countries globally. This provides a unique opportunity for your organization to showcase its products to a significant number of ophthalmologists and retina specialists from diverse regions.

Anticipating a gathering of over 600 colleagues from every continent in 2024, we believe your participation will contribute significantly to the success of the event. Your partnership is crucial to us, and we kindly request your response to this invitation by the 23<sup>rd</sup> of December 2023.

Enclosed within the sponsorship file, you will find comprehensive information, including the venue presentation, floorplan, and sponsorship options. We trust this package will facilitate your decision-making process.

We sincerely hope that you will join us as partners for EVRS 2024, contributing to the success of this prestigious gathering. Please do not hesitate to reach out with any queries or for further clarification.

Yours sincerely,  
Giampaolo Gini, President of EVRS  
giampaolo.gini@gmail.com

## Congress venue

Budapest Congress Center is the largest conference center in Budapest. It is built within the Novotel Budapest City, which has 319 hotel rooms capacity. This makes the Budapest Congress Center the only congress center in the city able not only to offer a huge exhibition area and wide public areas but also to host up to 2000 people.

It is also equipped with state of the art facilities, technical appliances and outstanding catering services.

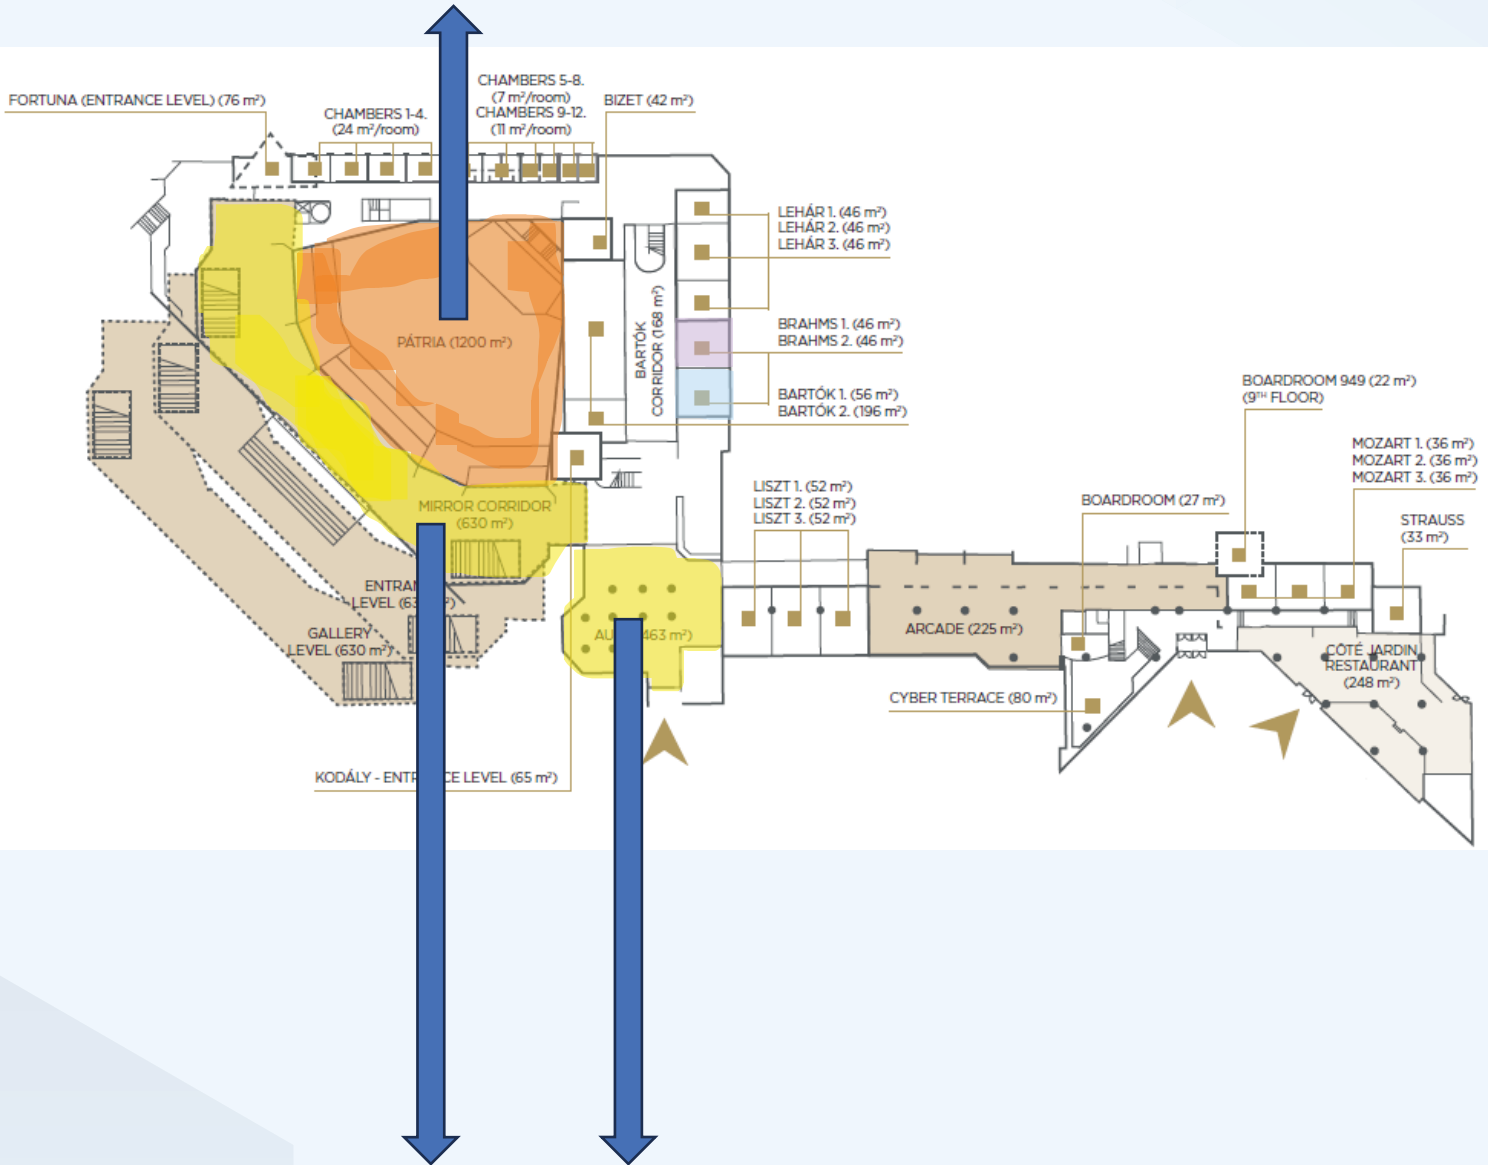

Flagship 4 star is a property of Accor and has 319 new generation Novotel bedrooms. The congress center and the hotel are located in the middle of a beautiful park and have easy access to the airport (20 minutes), the main highways and the city center.

# Floorplan

## PLENARY ROOM

## EXHIBITION + CATERING AREA

# Sponsorship Options

## Main Sponsorships

### Exhibition space

---

Exhibition space for each Company can vary from 6 sqm (3 meters width – 2 meters depth) to 12 sqm depending on the contribution.

The following services are included:

- ⊖ 2 company delegates' registrations
- ⊖ 1 table and 2 chairs
- ⊖ electricity connection

Companies must contact Italiana Congressi e Formazione if they plan to display a device/product that may need special voltage.

If additional charges will occur the Company will be informed.

### Satellite Symposium

---

The program, the speakers and the timing of the satellite symposium should be planned with the Congress Organizing Committee.

The symposium will be scheduled on the date and slot agreed by the Committee.

### Innovation Room

---

The Company may display its products/devices and may plan special activities such as workshops. Such special activities should be submitted to Italiana Congressi e Formazione by 15<sup>th</sup> September 2024.

The innovation room assigned as a private area to the Company will be provided without any equipment. If needed, tables and chairs will be provided, but other special requirements such as technical equipment or catering will be charged.
