Abstract presentation guidelines

ABSTRACT SUBMISSION GUIDELINE
Abstract submission deadline is 30th April 2025.

TOPICS
- RETINAL DETACHMENT
- PVR
- FULL THICKNESS MACULAR HOLE
- LAMELLAR MACULAR HOLE
- EPIRETINAL MEMBRANE
- DEGENERATIVE MYOPIA RELATED PATHOLOGIES
- PROLIFERATIVE DIABETIC RETINOPATHY
- OCULAR TRAUMA
- SURGICAL TIPS & TRICKS
- SURGICAL CASE PRESENTATION PANEL
- MANAGEMENT OF COMPLICATIONS (MY WAY)
- CONTROVERSIES IN COMBINED VRS + CATARACT
- IOL SUBLUXATIONS/SECONDARY IOL IMPLANTATION
- MANAGEMENT OF GLAUCOMA / CORNEA / LENS ISSUES LINKED TO RETINAL DISEASES
- INNOVATIONS IN SURGICAL INSTRUMENTATION
- ARTIFICIAL INTELLIGENCE
- PEDIATRIC RETINA
- ROP
- MANAGEMENT OF SUBMACULAR HEMORRHAGE
- LATE BREAKING DEVELOPMENTS & UPDATES ON CLINICAL TRIALS
- RETINAL VASCULAR DISEASES: RETINAL VEIN OCCLUSION, DIABETIC MACULAR EDEMA
- MEDICAL CASE PRESENTATION PANEL
- AGE RELATED MACULAR DEGENERATION
- UPDATE ON MEDICAL RETINA
- NEWS FROM THE IMAGING WORLD
- UPDATE ON RETINAL LASERS
- UVEITIS / ENDOPHTHALMITIS
- OCULAR ONCOLOGY
- INHERITED RETINAL DISEASE
- FUTURE GENERATION SESSION: YOUNG OPHTHALMOLOGISTS SESSION

ABSTRACT AUTHORS
The number of authors is limited to 12 per abstract. The submitter will receive all communication related to the abstract. One author can send maximum 1 oral presentation, 1 medical or surgical case presentation, 1 course, 2 video, 1 poster, 2 photos. (The submission system should not allow submission of more than these).

PRESENTATION TYPES
The abstract can be maximum 1200 words.

No table and figure is allowed for oral, poster and video presentations. Only abstracts that are selected as Photo Presentation can upload figure/photo.

1. Oral Presentation: Abstracts submitted to this category will be evaluated for presentation in the main hall as 5 minutes presentation. If they are not able to be scheduled as oral presentation, they may automatically be evaluated as posters.

2. Poster Presentation: Abstracts submitted to this category will be evaluated for poster presentation only.

3. Video Presentation: Abstracts submitted to this category will be evaluated for presentation in the edited film sessions only.

4. Photo Presentation: Abstracts submitted to this category will be evaluated for photo presentation only.

5. Courses: Courses will be presented in the parallel room.

6. Medical Case presentation Panel: Extraordinary medical cases will be submitted with 2 slides defining the case and the best cases will be selected for 2-minute presentations.

7. Surgical Case Presentation Panel: Extraordinary surgical cases will be submitted with 2 slides defining the case and the best cases will be selected for 2-minute presentations.

8. Free Paper Session: Ophthalmologists under 40 years old can submit any paper under this topic.

1. Oral Presentation (The submission system should not allow submission of more than 1 oral presentation).

Oral presentations will be held as in main hall on scheduled date and time. Please pay attention on the details below:

- Allotted time for each oral presentation is 5 minutes for entire presentation. The presentations and speeches are highly recommended to be prepared with no or short introduction in order to reach the result and take-home message in time and correct number of slides to keep up with the timing.

- To prevent possible technical problems which might cause delays in the program, current technical equipment in the meeting halls is required to be used during the presentations.

- The presentation file should be delivered to the speakers' ready room at least 3 hours prior to your session.

2. Poster Presentation (max 1)

Posters prepared according to the guideline below will be displayed on e-poster kiosks during whole congress. There won't be any poster discussion session.

The poster presentation should be composed of maximum 5 slides in pptx file format. The pptx poster should have the following content:

- 1st slide cover
- 2nd slide introduction
- 3rd slide methods
- 4th slide the findings
- 5th slide conclusions and references

The best 3 will be selected and awarded by the jury.

3. Video Presentation (max 2)

Videos prepared according to the guideline below will be displayed on video kiosks during whole congress.

There won't be any video discussion session. The best 3 will be selected and awarded by the jury.

The video should be prepared according to the details below:
- No more than 5 minutes
- Include voice guidance / narration
- Should be in either of the following format: mp4/mov
- Should not exceed 1GB
Please submit only the abstract of the video. The video should be submitted after the acceptance of the abstract, following the instructions we will provide.

4. Photo Presentation (max 2)
Photo presentation prepared according to the guideline below will be displayed on video kiosks during whole congress. There won't be any photo discussion session.
The photo should be prepared and printed according to the following details: the photos should be sent as a single slide in a PPT or as a JPEG and will be displayed on monitors in a continuous loop.

Different from oral, poster and video presentation which are all only focus on scientific content, photo presentation is artistic interpretation of a photo/ photos from your studies. The photo should be qualified in technical aspect and extraordinary in content wise. A short abstract body giving the background information of the photo would be enough. The best 3 will be selected and awarded by the jury.

5. Course (max 1)
Allotted time for each course is 1 hour. It is necessary to explain the title and objectives of the course, targeted audience, level (intermediate/advanced), the chairman and the speakers with title of each speaker.
Please submit only the course abstract. The final course program should be submitted after the acceptance of the abstract, following the instructions we will provide.

6. Medical Case presentation Panel: Extraordinary medical cases will be submitted with 2 slides defining the case and the best cases will be selected for 2-minute presentations.

7. Surgical Case Presentation Panel: Extraordinary surgical cases will be submitted with 2 slides defining the case and the best cases will be selected for 2-minute presentations.

8 Free Paper Session: Ophthalmologists under 40 years old can submit any paper under this topic. The guidelines are the same as for Oral Presentation.

ABSTRACT EVALUATION
Submitted abstracts will be assessed by blind evaluation. After the evaluation is completed, the abstract holders will be notified for the result through an email at presenting author contact information. This should be before the early bird registration deadline (15th June).
By submitting the abstract for 22nd EVRS Meeting, the authors accept and approve the publication of their abstracts in the congress website.

**For any technical assistance about abstract submission,
